Dear Wiley,

How nice to hear from you and how very thoughtful of you to write.

Pat  
and I made a trip to Newport just a few weeks ago when I received an honorary degree from Salve Regina. It was fun to be back and great to see all the progress the city has made in the three years since we left.

I doubt that we will have an opportunity to come back again this summer. Be assured we will look forward to giving you a call if anything does develop. In any event, we'll hope to get together in one place or another before long.

Again, many thanks and all the very best.

Yours,

STANSFIELD TURNER

Ambassador Wiley T. Buchanan, Jr.
